\*\* If you sell under AL exchange agreement(s) or if you sell or transfer oil to your affiliate and your affiliate sells AL, you may use either AL or NAL rules under 30 CFR 206.102(d)(1) or 206.102(d)(2)(i), respectively.

\*\*\* On 11/20/2001, OnCAM decided to use ARMS for privately acquired leases even though these leases not subject to 30 CFR.

\*\*\*\* See specific regulations for Rocky Mountain Region at 30 CFR 206.103(b).

## Notes

ARC 15 is used on Federal leases only, even if your lease is in a mixed agreement (Federal and Indian).

Indian Oil Regulations are pending. When final, the data in this table will change.
